

At Cue Point we smoke all our meats and veg using oak on separate smokers / grates, and to control flavour profiles we make our sauces, jams, chutneys, and pickles in-house.

As an inclusive company we attempt to meet **PERMISSIBLE**, **VEGAN** and **GF** diets.
All our sauces are **VEG** or **VEGAN** and inclusive of **PERMISSIBLE** diets.

For any specific allergen requests please speak to the chefs.
We do not use nuts in our recipes, but our suppliers do, hence we are not a nut-free kitchen.
